

Cookie Policy

We may update this policy regularly; please check back to see changes based on Technology, Regulatory Compliance and Data Protection.

A cookie is a small text file that is saved to your computer or mobile device and acts to remember your browsing history, preferences and improve performance.

Cookies do not identify you but act to link your web browsers to the server providing content. This allows a more personal service which remembers your site visit preferences. Cookies and Web beacons can remember which Ads were displayed and customise the ongoing website experience.

You can control how cookies are used on your web browser by changing the settings, open the browser help menu and access settings to block or erase cookie activity. Please note that the website may not run as expected after changing cookie settings as cookies are used for site services e.g. security, logins and language choices.

We may partner with or receive services from third parties which you can visit from our website. We may also embed external content and features from such third parties within our website (e.g. social media networks such as LinkedIn, Facebook and Twitter). We do not control the content or links that appear on these sites and are not responsible for the practices employed by websites linked to or from our Site. In addition, these sites or services, including their content and links, may be constantly changing. These sites and services may have their own privacy policies and customer service policies. Browsing and interaction on any other website, including websites which have a link to our Site, is subject to that website's own terms and policies.

Types of Cookies

Necessary cookies: These are used to manage your website visit, they provide features such as encryption for data and user login plus e-commerce shopping cart choices.

Analytical cookies: These cookies track user statistical visit data such as country, browser type and pages visited.

Targeting cookies: These cookies remember which features or Ads you were presented with and can display the same or related content to provide you with a content that may be of more interest to you.

Functionality cookies: These cookies allow your browser to operate more effectively i.e. your language choice or menu preferences. They can also be used to provide services you request, such as viewing videos or social media integration.
